All About Memories

All About Memories is locally owned and opened its doors in October 2003. We moved into our current location in April 2005. As it was then, AAM is still committed to bringing new and trendy scrapbooking products to our brick and mortar store. Patterned paper is still the largest percentage of the product inventory, and the majority of this is offered in individual sheets rather than the usual packages offered by larger companies. This is what we do best. I have been heard saying many times “we have the largest selection of paper”. Though this is not true with the arrival and success of Digital Scrapbooking, paper still is very important to the All About Memories store Mission.

The retail store is a 6000 square foot scrapbooking warehouse stocked FULL of the best papers, ribbons, stickers, embellishments, and chipboard. We carry all the major brands as well as the entire lines...so you don't have to choose from a limited selection. We have a large classroom that is open to all customers during business hours for NO CHARGE. Some Saturdays we are open until midnight hosting our FREE FRENZY. Another service we offer is custom invitation design for all your events. We have several samples of our work at the store for viewing and we'll do a free 1 hour consultation.

Priceless Scrapbooks

Priceless Scrapbooks was launched in 2010 to be the name and brand of the paper line Kathy Price is currently working on. By releasing the logo in the retail store she hopes to have All About Memories customer recognition of the two companies working together. With the economic conditions and a recent injury the release has been delayed. Stayed informed on the web site www.priceless-scrapbooks.com

Weekend Host

Kathy Price is an avid scrapbooker that loves to get together with the 'girls' for a weekend away scrapbooking, talking, laughing, and sometimes crying...don't worry all good things! Her workshops offer an opportunity to meet new friends, try new things and most of all have FUN!!!

Kathy is always on a mission to learn something new and then find a way to share it! That is where teaching comes in! She has taught workshops in the store and loves to approach art in a fun, fresh and accessible way. "The most important thing about scrapbooking is the journaling...if you lose the story than you lose a part of your history!" She loves to compare techniques with the crafters she meets, and believes you always have something to learn from each other. "You don't know if it's your style until you try it, so go for it! It's only a piece of paper!" Kathy loves to host the events and get to know the customers on a more personal level. She will always make you feel welcome and at home.

Kathy's biggest fans of her work are her husband, Darin and four children, Tori, K.D., Jack and Joshua. Her favorite activities outside of scrapbooking are campfires with family and friends, boating on the pristine waters of Montana, and playing and watching sports of any kind!
